This office action is responsive to communications filed June 18, 2007.

Claims 11, 12, 16 – 19, 25 and 26 are pending.

1. Applicant's election of Species A (Fig. 2) in the reply filed on April 12, 2006 has been previously acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, that election has been treated as an election without traverse (MPEP § 818.03(a)).
2. It is noted that the claims currently pending in the application are generic to four of the five species – Species A, Species B, Species C and Species E, as set forth in the office action of March 14, 2006. As a result, the previously set forth restriction requirement is withdrawn and the applicant is hereby notified that of the originally recognized five distinct species, only Species D remains as a patentably distinct species that is not readable on the currently pending claims.
3. Claims 11, 12, 16 – 19, 25 and 26 are allowed.
